

### Admissions

- All applicants must apply to the UC Davis School of Medicine through the American Medical College Application Service by October 1.
- Applicants invited to complete the UCDSOM Secondary Application will have an opportunity to indicate their interest in the ACE-PC program.
- Accepted candidates will be screened by the Program Director and invited for a panel interview comprised of UCD faculty and directors from partner residency programs.

### Applicant Qualities

- Academically excellent
- Prior primary care experience
- Committed to Family Medicine or Internal Medicine-Primary Care

### Costs and Financial Aid

- One less year of tuition (~ \$45,000)
- Minimum \$30,000 in annual scholarships (KP, UCDSOM, HRSA)

### Residency Partners

#### Internal Medicine – Primary Care

- UC Davis, Sacramento, CA
- Kaiser Santa Clara, CHOICE Program

#### Family Medicine

- UC Davis, Sacramento, CA
- Kaiser Napa – Solano, Vallejo, CA

### Program Curriculum

The Accelerated Competency-based Education in Primary Care (ACE-PC) program is a partnership between the UC Davis School of Medicine, Kaiser Permanente – Northern California and the American Medical Association. Students who are confident that they want to pursue a career in Primary Care Internal Medicine or Family Medicine have the opportunity to complete their undergraduate medical education in three years, instead of four, and are granted a conditional acceptance into residency upon acceptance into the program.

	June	July	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	
<b>Year 1</b>	Fundamentals Scribe/ Doctoring 1		Traditional Year 1 Coursework									Primary Care Clerkship: Part 1	
	Longitudinal Primary Care Clinic at Kaiser Permanente												
<b>Year 2</b>	Primary Care Clerkship: Part 1	Traditional Year 2 Coursework								Step 1 Exam	LIC: Inpatient Blocks		
	Longitudinal Primary Care Clinic at Kaiser Permanente												
<b>Year 3</b>	Longitudinal Integrated Clerkship: Outpatient Family Medicine, Internal Medicine, Ob/Gyn, Pediatrics, Psychiatry, Surgery						Step 2 Exams		Post-Clerkship: Inpatient AI Specialty-Specific AI ED Advanced Clerkship 4-week Elective				
	Longitudinal Primary Care Clinic at Kaiser Permanente												
<b>Yr 4-6</b>	Residency: Internal Medicine or Family Medicine												

### Program Goals:

- Admit students likely to pursue primary care
- Represent the diversity of California
- Immerse students in rewarding, longitudinal primary care clinics
- Reduce student debt
- Bridge the UME-GME continuum
- Partner with the Kaiser integrated health system

### Program Highlights:

- Start 6 weeks early
- Complete online scribe course before day 1
- Continuity clinic begins Week 1
- Continue through traditional summer break between Years 1 & 2
- Longitudinal integrated clerkship
- Eliminated weeks come from traditional MS4 year
- No need for audition rotations

### Program Status & Accomplishments

- 26 students accepted into the program (2014-2017)
- First set of 2017 graduates (N=6) now in residency at 4 GME partner programs
- Two-thirds of students are URM
- Two-thirds of students self-identify as disadvantaged
- \$1 million grant from American Medical Association
- California AB 1838 allows graduates of LCME accredited medical schools to be eligible for licensure in California

### Advice for Other Institutions

- Set clear, written milestones with off-ramps to traditional program
- Regular academic and personal check-ins with program faculty mentors

### Future Plans

- Establish partnerships with other specialties: Psychiatry, Pediatrics
- Broaden GME offerings to include additional Northern California programs
- Study academic and clinical performance outcomes of ACE-PC students compared to traditional (4-year) students
